A few days ago an article in the Guardian stated that the covid jabs prevented heart attacks and blood clots. Unbelievable!

Brandt_u - Here is an excerpt from another piece in the Guardian: "A German man who voluntarily received 217 coronavirus jabs over 29 months showed "no signs" of having been infected with the virus that causes Covid-19 and had not suffered from any vaccine-related side effects, according to a study published in the medical journal Lancet Infectious Diseases." These despicable bastards in the media and medical profession will go to any ridiculous lengths to propagandise and try to deceive us.

This update of Kevin McKernan's assertion was pursued in Japan, the translation to English was posted 5 days ago: "BREAKING: Integration of corona vaccine-contaminated DNA into the human cell line genome" - - www.2ndsmartestguyintheworld.com/p/breaking-integration-of-corona-vacc.. - even more unbelievable?

"Yes I am aware that many of these authors are skeptical zealots when it comes to the dangers of vaccines." Zealots, says the 'editor,' exempting himself from such a characterization. I'm in the words business; he could have said 'skeptics' instead, as that would have been a far more accurate representation. The use of 'zealots' is meant to delegitimize those involved, much like calling people you don't like racists or fascists. The point is to frame their point of view as being out of bounds and not worthy of consideration. Meanwhile, the harms keep occurring and we're supposed to pretend that it's due to some mysterious reason no one can identify.

Does anyone know what really caused the death of the 41 year old woman on the airplane as she came back from the Caribbean? They are calling it natural causes. They say she died from a carotid artery dissection in her neck. She was a hospital technician. She probably had to get the jab or lose her job.

Sue, I haven't heard of this. They NEVER GOING TO PUT ANY BLAME ON THE JABS. It's always the same BS, denying denying & more denying!!!! But it has happened to many pilots & flyers. My aunt has been paralyzed from the waist down about 1 & 1/2 years ago after her flight to NY. She had to be rushed to the hospital several times during her visit. A few Months later after she return home, her husbands (my dad brother) DIED SUDDENLY of a massive heart attack. Again. He never had COVID & both took the jabs!

I'm definitely NOT SURPRISE this study has been retracted. The disgraceful CDC are still denying the Truth & factual studies. Yet, I do not see them having any conversation with these amazing studies that shows they have poisoned the WORLD! I say it many times and I will repeat it here again. 8 of my family members have DIED SUDDENLY AFTER TAKING THE JABS! All were healthy, in good health & NEVER HAD COVID Before the jabs. I know of many other friends & friends families deaths & life threatening injuries after the jabs. All my families didn't have any life threatening sickness, it all started to OCCURRED AFTER THE JABS.

Last year my mom brother died of cancer all over his body. It was a such a sad sad situation to be in to see how he was suffering thru this. He had lumps on his body, the size of baseballs. It all happened so quickly. We were so baffled as to how this can happen to a family that don't have cancer in their family history. My other cousin, a nurse in Canada, her Dr told her she has developed CERVICAL Cancer from the jabs. These big pharMa are denying their poison causes cancer & now ALL THREE HAVE recently acquired cancer treatment companies for BILLIONS OF DOLLARS All 3 have created an epidemic & NOW WILL PROFIT FROM IT.

ABSOLUTELY DISGUSTING & DISTURBING There are NO KIND WORDS in my vocabulary to describe these CRIMINALS/ KILLERS!!! For the ones who have been injured I feel so sad for them. We MUST NEVER USE ANY TREATMENTS FROM THESE 3 KILLERS. They're better & safer treatments out there that can cure many. DO NOT GIVE THEM A PENNY. REFUSE & REJECT EVERYTHING THEY MAKE! Dr Gary Null have a lot of articles & protocols. Dr Mercola have a lot of amazing articles & Many Dr he had interviewed. Dr David Brownstein also have amazing books on health. We must follow & support them towards a healthier life

Thanks ICONOCLAST, Yes, the despicable MS Media will broadcast any rubbish as long as it supports their fellow criminals in Big Pharma. Explains why the BBC ran it too.

Fourteen times more deaths! Now, the other numbers, how many negative side effects, whether mild, serious or extreme? Then, from all too be seen of what will be even more to come as much of this seems to be time released, so to speak. The horrendous social impact of extreme and what are finally being admitted in testimonies many of them completely made up, bogus measures, masks, social distancing, isolations, and so much more. And, like this ham-handed retraction, the successful driving of psychological wedges already long in place is showing for those will finally listen to witness many sources, top dogs expressing out of both sides of their mouths Mea Culpas, yet at other times, nope yer all-just wing nut anti-vaxxxer's, Safe and Effective, line up for more of the same.

Yes, a great denunciation of reality. We can add: VAX DEATHS AND COVID DEATHS ACCORDING TO LATEST RASMUSSEN REPORTS POLL, by Steve Kirsch. This is the most important poll they've ever done. Mainstream media will NEVER commission a poll like this. NEVER. So when they say the poll must be wrong, ask to see THEIR poll. Rasmussen comes out with the most important poll they've ever done and the results are devastating. Go check it out now before it is banned and make sure to post it to your social media. stevekirsch.substack.com/p/vax-deaths-covid-deaths-according?utm_sourc.. (03/31/2023)

Hi Steve, Gui, Tucker Carlson interviewed Dr. Pierre Kory yesterday, on this same topic: Medical Expert: COVID Vax Killed More Americans Than Vietnam - - [rumble.com/v4j39pi-medical-expert-covid-vax-killed-more-americans-than..](https://www.rumble.com/v4j39pi-medical-expert-covid-vax-killed-more-americans-than..) - - abt 50 min. long. Dr Kory talks about what he's seen in clinical practice, he gives a stark reminder of the harms and long-term injured as well. Tucker is fairly up to speed with what's occurred too.

I got COVID just before Christmas. I had received the first two and one booster shot and then after hearing so much about the bad effects I said "No more" . The COVID has turned to long haul so I have been studying ways to help. Our Dr gave me hig dose Ivermectin for two months plus had me take a large dose of quercetin daily. Found this very interesting YouTube about long haul, those that have received the shot and what is happening in the body. It is long but fascinating. www.youtube.com/watch

Thank you both, to Dr. Ladopo and Dr. Mercola! As a result of your willingness to present this research at great professional and personal risk, we have at least two public health officials in this country willing to expose the medical journal - pharmaceutical industrial complex. As has already been so meticulously researched in other scientific reports that somehow didn't get retracted, lipid nanoparticle complexes and SV40 promoter/enhancer DNA have inherent immunogenicity. This introduces non-transcribed intragenic spacers, like Cas1 and Cas2, into tandemly repeated ribosomal RNA, almost exactly what we're seeing in the deadly mRNA vaccine . In simple terms, this promotes dysregulated, eukaryotic cellular transformation, oncogenesis, and cytotoxicity, the macroscopic effect of which are all the cardiac arrests alluded to in the now retracted paper.
