Greener Cleaner

Stain Treatment

Greener Cleaner Stain Treatment is 100% natural and non-toxic. It is totally free of harsh petro-chemicals that are found in traditional, and even some natural stain removers, so it will not leave potentially harmful residue on your clothing.

Stain Removal Tips:

- * For best results treat stain as soon as possible. Remove excess stain immediately with clean soft dry cloth, rinse in cool water.
- * Do not dilute **Greener Cleaner Stain Treatment** or mix with any other products. Doing so will affect **Greener Cleaner Stain Treatment's** unique multi-enzymatic formulation and impact overall results.
- * Always follow garment label instructions when pre-treating and laundering your clothes. If the garment is washable, rinse stained area with cool water and pre-treat with **Greener Cleaner Stain Treatment**.
- * On colored garments, test an inside seam for color fastness.

Directions:

- * Pour **Greener Cleaner Stain Treatment** directly on stain.
- * Gently rub **Greener Cleaner Stain Treatment** into stain.
- * Allow **Greener Cleaner Stain Treatment** to thoroughly saturate stain for up to 30 minutes.
- * Launder with **Greener Cleaner Laundry Detergent** and follow washing instructions.
- * For stubborn stains, repeat above steps if necessary.

Safety Information:

CAUTION: KEEP OUT OF REACH OF CHILDREN.

If swallowed, drink a full glass of water. Call a physician. In case of eye contact, flush eyes with water.
