

HYDRO NITRO™

HYDROGEN-INFUSED FERMENTED BEET

Carbonated
Beverage

NET CONTENTS 8.4 FL. OZ. (250 mL)

Contains 4% Acerola Juice

Made with Whole
Fermented Beet Root

HYDRO NITRO™ is a hydrogen-infused beverage, with fermented beet root that naturally contains nitrates. After consumption, nitrates may be converted to nitric oxide in the body. This combination supports cardiovascular health, exercise performance and endurance. Carbon dioxide is added for a gentle sparkling effect.

Contents may settle. For best results, shake gently once before opening and consume in one serving. Avoid pouring over ice.

LOW-CALORIE BEVERAGE

BPA/BPS FREE

Take care when opening as contents may fizz.
This can is full to maintain hydrogen.
